

General Information 2021

The 2021 NAPTA Troubleshooting Skills Competition (TSC) is a two round competition:

- Open Round
- Championship Round

Up to Forty (40) Teams from NAPTA member colleges from across the country compete in the Open Round on Friday, April 23, 2021.

All registered teams will travel to the host school to compete using a PC-based dynamic process simulator.

- The TSC IV Open and Championship Round Competition will be hosted **(tentatively)** by San Jacinto College in Pasadena, Texas on April 22nd – 24th, 2021.
- Registration will open on December 1, 2020 and close on March 12, 2021.
- Registration is limited to two (2) teams per college.
- Registration is on a first-come, first-served basis. The email date and time stamp will be used to validate your registration entry.
- Team names do not need to be submitted at the time of registration.
- Team member names do not need to be submitted at the time of registration.
 - Team names and team member names must be submitted no later than close of business on March 12, 2021. Each college may place two (2) teams in the Open Round. Two teams from the same college may advance to the Championship Round based on the highest ten (10) team scores of all participating teams.

Review the Team Composition and Selection process described below.

Team Composition and Selection

- A team will consist of four (4) students: one team captain and three team members.
 - Teams CAN compete with only three (3) members on the day of the event if a member is unable to participate.
- An alternate CAN be designated for each team.
 - Their name must be submitted with the team members names, and they must meet the same criteria to compete.
- Coaches/instructors have discretion of team member selection to meet the student qualification criteria listed below.

General Information 2021

Student Qualifications

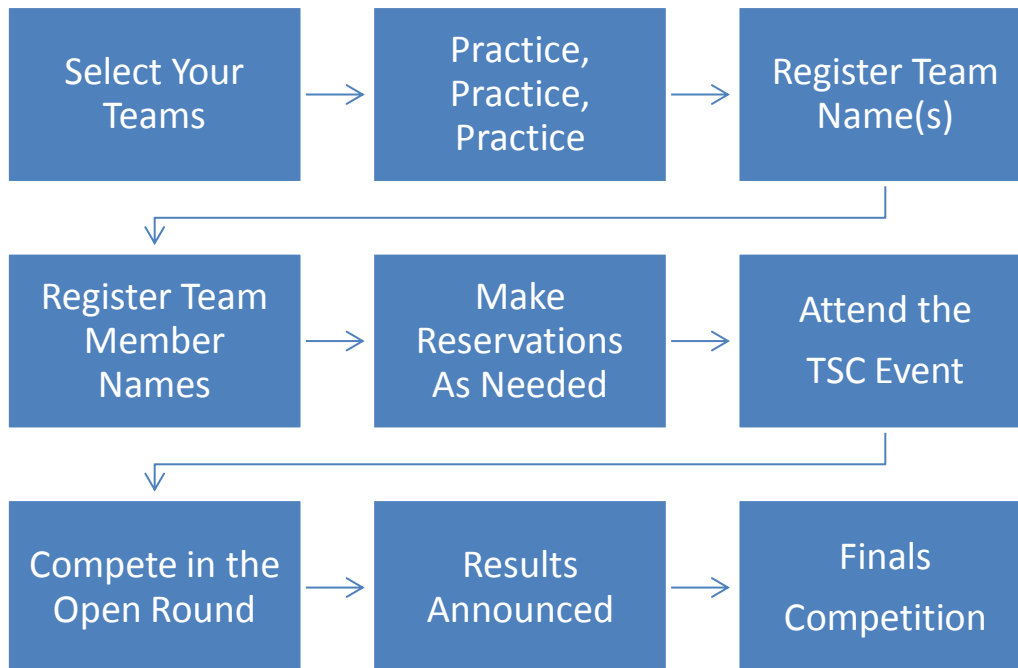

- Must be currently enrolled in the Process Technology program
- May be enrolled on a full or part-time basis
- Cannot be employed now or in the past in industry as an operator
- Students serving as co-ops or interns are acceptable

Opening Round Format

Competitors will use a PC-based dynamic process simulator; with a Virtual Field Operator (VFO) exercise in the Finals Round to simulate Outside Operator activities.

- There are two timed scenarios in the Open Round.
- Twenty (20) teams will compete during the morning on April 23rd. Twenty (20) teams will compete during the afternoon on April 23rd.
- Teams not participating in the Open Round will attend activities that enhance their opportunity to obtain a position in industry working as a Process Technician.

Opening Round Process

General Information 2021

Open and Championship Round Format

- A travel stipend in the amount of \$500 will be awarded to the teams selected for the Open Round and will be paid directly to the hotel by NAPTA.
