

“Making a Difference through Instructional Excellence”

Purpose

Many successful people attribute their success to a teacher, instructor, or trainer that made a positive difference in their life. Do you want to:

- Be a role model or mentor that others will remember?
- Become a best in class industry trainer or college instructor?
- Make a positive difference in the lives of others?

The North American Process Technology Alliance Instructor Skills Conference XI is designed for you to:

- Become a best in class trainer or instructor.
- Make a positive difference in the lives of others through use of interactive instructional techniques and best practices.

Overview

The North American Process Technology Alliance (NAPTA) eleventh annual Instructor Skills Conference (ISC XI) is a two-and-a-half-day participative event to enhance the skills of industry training personnel and college technical instructors. The conference encourages networking, learning, and application of instructional skills through a series of workshops, discussion groups, panel discussions, and keynote presentations. Participants will receive a Learner Journal to capture their key learnings and conference action plans.
