

Oil and Gas Production II

Class Schedule

Session #	Topic
1	Course Overview
2	Introduction to Gas Dehydration and Compression
3	Gas Dehydration – Part 1
4	Gas Dehydration – Part 2
5	Test #1; Gas Compression – Part 1
6	Gas Compression – Part 2
7	Gas Compression – Part 3
8	Test #2; Water Treatment and Handling
9	Auxiliary Systems – Part 1
10	Auxiliary Systems – Part 2
11	Artificial Lift and Enhanced Recovery Techniques – Part 1; Review for Test #3
12	Test # 3; Artificial Lift and Enhanced Recovery Techniques – Part 2
13	Pumping and Transportation Systems
14	Safety, Health and Environmental Considerations
15	Crude Oil Refining and Gas Processing; Review for Test #4
16	Test #4
