NAPTA Vision and Mission 2019

- **The North American Process Technology Alliance is the recognized organization for the advancement of Process Technology education and careers.**
- **Through a partnership of industry, educational institutions, and others, the NAPTA will support the development of a diverse, safety-focused and qualified Process Technology talent pool to supply industry's workforce demand in North America.**

Committee Success..... and Opportunities

- **Review and revise your committee Objectives and Outcomes from 2019**
 - Successful achievements (and how?)
 - Missed opportunities (and why?)
 - Misalignments (what can we do better?)
- **Develop Goals and Objectives for the next year and beyond**
 - What will you do to complete last year's open items?
 - What new goals will you set for 2020/2021?
 - What long-term goals do you see on the horizon?

Outcomes for Tomorrow

- **Discuss committee efficiency and review member participation and attendance**
- **Recruit/select Co-Chair nominees for the next year**
- **Work as a team with your Co-Chairs to develop a PPT presentation for tomorrow's meeting to be shared with the general membership**
- **Send them to Eric at director@naptaonline.org**
 - OR
- **Be prepared to share them from someone's desktop as shared content**
